

## **The European Alliance for Israel condemns kidnapping and calls for support**

June 19<sup>th</sup> 2014

The European Alliance for Israel (EAI) condemns the kidnapping of Naftali Frenkel (16), Gil-Ad Sha'ar (16) and Eyal Yifrach (19) in the strongest possible way. Our thoughts are with the three students and their families. We hope they will soon be back home again.

The EAI calls on all European states, NGOs and other bodies in contact with Palestinian Authorities or civil society, to condemn the kidnapping and to help foster the release of the boys as soon as possible.
